Single Family on 0.00 Acres

Chamberly, Edmonton, AB

It's not easy to find a 6-bedroom home with 2,396 sq ft, but this one checks all the boxes for space, comfort, and functionality. Step inside to 9 ft ceilings and a welcoming open layout. The kitchen offers a central island, stainless steel appliances, and two pantries, flowing into a spacious dining area framed by decorative pillars. Just off the main living space is a 2-piece powder room and a main floor den (currently used as an office). The cozy family room features a gas fireplace, custom-built-ins, and large windows that fill the space with natural light. Upstairs you'll find 4 bedrooms, including a primary suite with a sitting area, 5-piece ensuite, and a walk-in closet. The finished basement adds 2 more bedrooms, another 4-piece washroom, a large family room, and plenty of storage. Outside, enjoy the west-facing pie-shaped yard with a deck and covered pergola. With central A/C and a family-friendly neighbourhood, this home is a rare find.
